

MOVING-HEAD WASH · IP65

WD 120 FX

led29072

Compact Fresnel wash with a 120 W RGBL engine: the lime component delivers high output and rich colour mixing, while a ring of 48 aura LEDs creates colour effects and backlight around the 140 mm lens. Motorised 3.8°–38° zoom and IP65 protection make the 7 kg fixture ideal for rental, touring and outdoor use.

TECHNICAL DATA

Type	Wash / Fresnel	Power consumption	150 W
Light source	120 W RGBL + 48 × 1 W Aura	Power supply	100–240 V, 50/60 Hz
